# SUHA SALAH AHMED AL-ERAGI

**WORDPRESS FRONT-END CUSTOMIZATION SPECIALIST**

suhasalah321@gmail.com • +249 117 165 476 • LinkedIn

## PROFESSIONAL SUMMARY

WordPress Front-End Customization Specialist with hands-on experience building and customizing responsive websites using WordPress, Elementor, HTML, and CSS. Skilled in translating visual references into functional web interfaces, customizing layouts and website elements, and adapting designs across desktop, tablet, and mobile devices. Also experienced in building custom-coded web interfaces using HTML, CSS, and JavaScript.

## TECHNICAL SKILLS

**WordPress:** Website and page creation, customization, and content layout
**Elementor:** Containers, Flexbox, Header/Footer customization, widgets, forms, and global styles
**Front-End:** HTML5, CSS3, JavaScript • Responsive design: desktop, tablet, and mobile layouts
**CSS & Plugins:** Custom CSS for layout and visual adjustments • Forminator and Elementor-related extensions

## SELECTED PROJECTS

**Norex – Construction Company Website** | *Self-Initiated Portfolio Project · WordPress & Elementor*
- Rebuilt a one-page website from a visual reference; customized colors and typography for the intended brand identity, implemented page sections and navigation links, applied custom CSS, and adapted the layout for desktop, tablet, and mobile.

**Artisan Bakery Website** | *Self-Initiated Portfolio Project · WordPress & Elementor*
- Rebuilt from a visual reference; customized colors and imagery, created product, recipe, and baking-class sections, presented product information and prices plus class schedules and registration calls to action, and applied responsive layouts and custom CSS. No online shopping cart or checkout system.

**Hospital & Medical Center Website** | *Self-Initiated Portfolio Project · WordPress & Elementor*
- Built a multi-specialty medical center website from a visual reference; customized imagery and color schemes, organized medical departments and services, implemented responsive desktop/tablet/mobile layouts, and used custom CSS, JavaScript, Forminator, and Elementor-related extensions.

**Personal Portfolio Website** | *Self-Initiated Project · HTML, CSS & JavaScript*
- Planned the structure and sections around an original concept and coded the website directly in HTML, CSS, and JavaScript—not WordPress or Elementor. Developed the visual direction and layout with support from ChatGPT.

## RELEVANT EXPERIENCE

**Front-End Development Trainer** | Al-Samhoudi Training Institute | February 2023 – August 2023
Independently prepared training content and educational materials; delivered practical training in HTML, CSS, and JavaScript; trained more than 30 learners across multiple cohorts; and guided learners through practical exercises and projects.

## EDUCATION & LANGUAGES

**B.Sc. in Electrical and Electronics Engineering – Communications** | Omdurman Islamic University, 2020 | First Class
**Arabic:** Native • **English:** Intermediate
